

## QUALITY POLICY

**OKATENT** is a company that specializes in the manufacture of folding tents, portable pavilions, and tensile structures – all of which are adapted to the needs of the client.

We have chosen to implement a quality management system based on the ISO 9001, ISO 14001 and EN 1090 standards.

Therefore, the quality policy of our company can be summarized in the following ways:

- We implement a Quality Management System based on the excellence of the products that we supply to our clients and excellence in the services we offer them, applying techniques for continuous improvement.
- We satisfy our clients' expectations for our product completely, seeking a perfect fit in terms of the characteristics of the products offered and the expectations and/or needs of the client and other players, all the while complying with the legal and regulatory requirements.
- We guarantee that employees have the training, motivation, and technical means needed to efficiently undertake their tasks, always promoting teamwork.
- We establish processes that are compatible with staff safety and sustainable development.

In order to achieve these principles, **OKATENT**'s management has established and planned a series of indicators and objectives that are periodically reviewed to ensure achievement.
